

DOWNLEY COMMON PRESERVATION SOCIETY

SPRING 1986 NEWSLETTER

ANNUAL CLEAR-UP

Our annual clear-up of the common this year will take place on SUNDAY APRIL 6th and all available help would be appreciated.

With your help we can give the common a spring clean, before the green leaves of the spring, cover the rubbish.

All helpers should meet opposite Narrow Lane at 10.00 a.m. and bring a strong pair of gloves as protection against broken glass and sharp metal etc. A bucket or plastic bag for collecting the rubbish would also be useful.

MANAGEMENT PLANS

The management plan has now been agreed and work will soon commence to make the selected areas tidy and more attractive for the use of the whole Downley Community, again, help with the proposed work, especially clearing would be appreciated.

Generally we need more help from ALL THE PEOPLE OF DOWNLEY so as to maintain the common to a high standard. If YOU can give an hour or so on the occasional Sunday morning, please ring David Stagg (H.W. 30736) for further details.

VEHICLE TRESPASS

In the past month there has been a significant increase in the number of vehicle tracks appearing on the common. In view of this, the next meeting of the Society, on April 3rd, will consider how to reduce the amount of trespass and how to repair the damage caused. In the meantime, the Society would be grateful if people living around the common, made a note of the registration numbers of the offending vehicles and either report them to the High Wycombe Police (who have successfully prosecuted on two recent occasions) or pass the numbers on to David Stagg (H.W.30736) or Norman Belsom(H.W.20264)

JUMBLE SALE

The Society plans to hold a Jumble Sale in April for the Society's funds. Please save any suitable items for later collection.
